FORM ATHELETICA

Job Application for Software Developer

Dear Hiring Manger,

I am writing to apply for the Web Developer position at FORM. I am excited about the opportunity to join your team and contribute to the development of your eCommerce platform.

I have over 1 year of experience as a Web Developer and a strong understanding of frontend development. I have experience implementing responsive designs and optimizing UI/UX, as well as knowledge of email development and templating languages. I am flexible and adaptable to rapidly changing business conditions and priorities, and have excellent written and verbal communication skills.

I am familiar with HTML and CSS, including preprocessors such as SASS, and have experience writing client-side JavaScript. I am also experienced with working with REST APIs and GraphQL. In addition, I have experience with Git and deployment flows.

I am passionate about building great web products and am always looking to learn and grow my skills. I believe that my experience and skills make me a strong candidate for this position. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to the success of your team.

Sincerely,

Kanishka Verma
